Introducing our newest multi-position, wheelchair accessible dining table:

We, at MPT, are proud to introduce our new multi-position table for long-term care and retirement homes series.

With the increased demand for a more non-institutional design, MPT is now offering a post dining table, with options of one (1) or four (4) adjustable panel(s) that will marry perfectly with the retirement living and long-term care environment and decor, all the while keeping the same quality and safety features of all of our other products.
